TRANSPORTATION IMPROVEMENT
PROGRAM (TIP)

SHERMAN - DENISON
METROPOLITAN AREA

Prepared by the Sherman - Denison Metropolitan Planning Organization in cooperation
with the Texas Department of Transportation and the U.S. Department of
Transportation, Federal Highway Administration and Federal Transit
Administration

Public Meeting / March 22, 2005
TPAC Approval / April 20, 2005
TPAC Amended / December 7, 2005

INTRODUCTION

Since May 10, 1973, policy directive for transportation planning within the Sherman-Denison Urban Area has been carried out under the direction and guidance of the Policy Committee, which was established by agreement between the State, Grayson County and the cities of Denison and Sherman.

- A. PURPOSE** - In accordance with TEA-21 134,(h)(1-6), the MPO, in cooperation with the State and affected transit operators, has developed this transportation improvement program (TIP) for the Sherman-Denison Metropolitan area. The purpose of this document is to provide the public, FHWA, and other interested parties with a priority list of projects and project segments to be carried out within a 3-year period after the adoption of the TIP. A financial plan is part of this document. This financial plan demonstrates how the TIP can be implemented, and indicates resources from public and private sources that are reasonably expected to be made available to carry out the program. The TIP is updated at least every year and is approved by the MPO and the Governor of Texas.
- B. DEFINITION OF AREA** - The Sherman-Denison Urbanized Area consists of the cities of Sherman, Denison, Howe, Pottsboro and Van Alstyne. The northern boundary is the Red River/Oklahoma border and touches Lake TEXOMA, Eisenhower State Park and the Hagerman National Wildlife Refuge. US HWY 75 running North/South basically splits the area in half and US HWY 82 running East/West intersects US HWY 75 and splits the urban area into quadrants. The City of Dallas is approximately 70 miles to the south. The population of the area is about 63,200 and is completely inside Grayson County.
- C. PUBLIC INVOLVEMENT PROCESS** - The Transportation Policy Advisory Committee has approved Public Involvement Procedures for the MPO, as required by the TEA-21. These procedures include advertising in local communication media and maintaining a current mailing list of those persons who are interested in the transportation process. All meetings are advertised and are open to the public. To foster an atmosphere of public cooperation and in the spirit of the TEA-21, the MPO staff actively participates in several organizations, including the Chambers of Commerce and the TEXOMA Transportation Club. The staff have spoken at various civic organizations and have been guest speakers at Austin College.

Before approval of the TIP, the MPO will provide citizens, affected public agencies, representatives of transportation agency employees, private providers of transportation, and other interested parties with reasonable notice of an opportunity to comment on the proposed program.

D. PROJECT SELECTION PROCESS - The TIP is consistent with the Transportation Plan for the Sherman-Denison Urban Transportation Study and will be submitted to the Policy Committee for approval. Full funding is reasonably anticipated to be available for each project within the time period contemplated for completion of the project.

In accordance with Section 133 (h)(2) of Title 23 U.S.C. as amended, the Sherman-Denison Urban Transportation Study MPO Policy Board hereby approved the following Project Selection Procedures:

- 1) The approved Transportation Improvement Program shall be utilized for programming projects within the urban area.
- 2) Any project listed in the first year of the approved Transportation Improvement Program shall be considered the highest priority and may be implemented as soon as plans are completed and funds are appropriated. Projects in the second and third years of the TIP are considered to have second and third priorities, respectively.
- 3) If a project in the first year cannot be accomplished, the a project or projects from the second year will be selected and those projects may be initiated as plans are completed and funds are appropriated.

E. PROGRESS FROM PREVIOUS YEAR -

The following projects have been let or under construction:

- ✓ US 75 at Loy Lake - Traffic Signal - Complete
- ✓ US 75 at Loy Lake widening - Complete.
- ✓ SH 91 and FM 120 Micro - Complete
- ✓ FM 120 at FM 406 - Traffic Signal - 75 % Complete
- ✓ FM 120 at FM 1417 - Flashing Beacon - complete
- ✓ Van Alstyne Park- Enhancement - Complete

- F. AIR QUALITY ISSUES** - The Sherman-Denison Metropolitan area is in conformity with the Clean Air Act as Amended.
- G. AMERICANS WITH DISABILITIES ACT (ADA)** - The Texoma Paratransit System (TAPS) insures total accessibility to transit services provided by scheduling demand-response service (including riders, vehicles and drivers) the day before and maintaining sufficient number and availability of accessible vehicles to meet all requests for accessible service with no delays and no waiting lists. The multi-modal intercity bus facility is a fully accessible bus, small urban transit, and rural transit passenger facility.
